Free Downloader Pro HD is a freeware program to download your favorite Video and Audio files from Youtube.

Easy to use, you only need to check the URL of Youtube's video and then the options for downloading will appear.

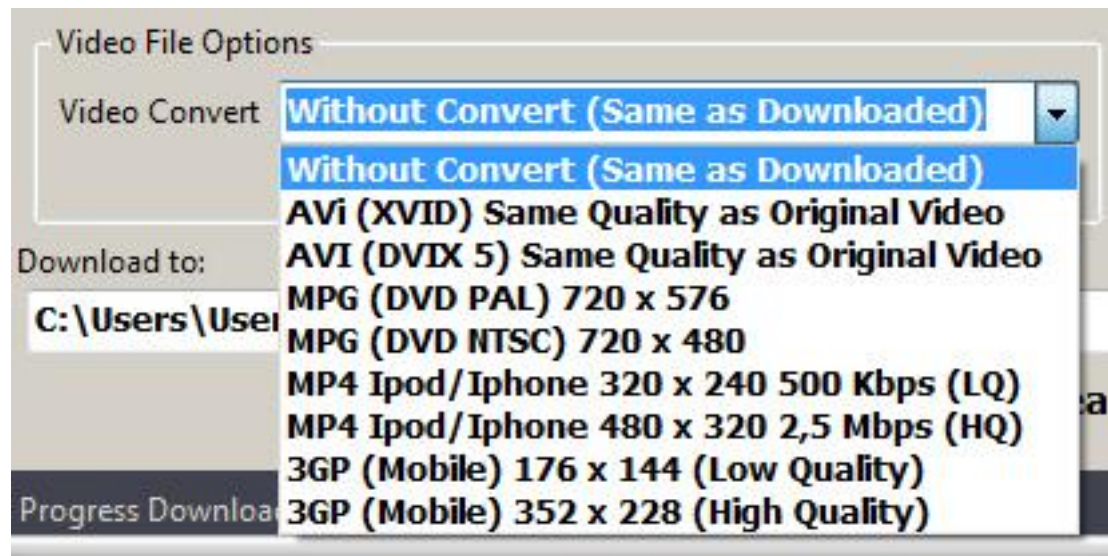

The most professional option to download videos and / or audio files from Youtube:

Free Downloader Pro HD allows to select the original video quality for download. Save your videos in Full HD format (only if it's available on Youtube) for a perfect view.

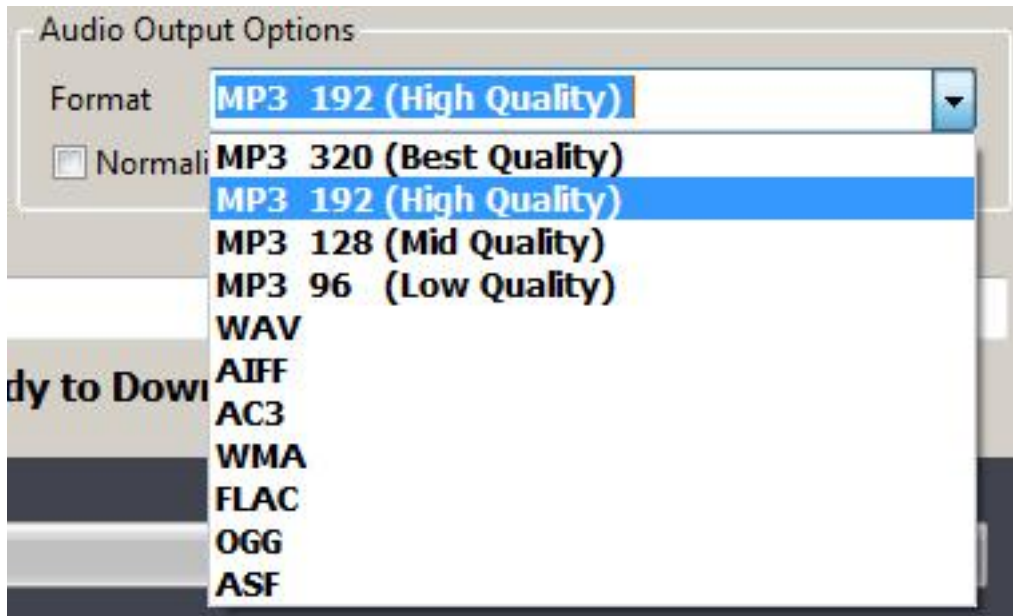

Multiple options to save your videos and / or audio files:

Video Options:

Here you have different options for download and / or convert your favorite video from Youtube:

- Without convert: You can download the same selected format uploaded on Youtube, you download "as is" (without conversion).
- AVI (XVID) AVI (DVIX 5): You can convert this video to those formats but WITH THE SAME QUALITY OF THE SELECTED VIDEO TO DOWNLOAD.
- MPG format conversion with two sizes: 720 x 576 (DVD Pal) or 720 x 480 (DVD NTSC).
- MP4 format conversion for Ipod / Iphone with two different qualities: Low Quality 320 x 240 500 Kbps or High Quality 480 x 320 2,5 Mbps.
- 3GP format for Mobile with two different qualities: Low Quality 176 x 144 or High Quality 352 x 228.

Audio Options:

Here you can choose different audio formats to convert your favorite Youtube video:

- MP3 with different bitrates (320, 192, 128, 96 Kbps), WAV, AIFF, AC, WMA, FLAC, OGG and ASF.

***NEW* AUDIO OPTION: Normalize your Audio files**

Free Downloader Pro HD has the possibility to **Normalize*** to 0 db (only MP3 and WAV files).

*What's "Normalize"? It is a process of uniformly increasing or decreasing the amplitude of an audio file. Normally it increases an audio file with low amplitude level (very usual in Youtube), improving the sound quality.
